1. to receive the audited consolidated financial statements of the Corporation for the financial year ended September 30, 2016, together with the auditors' report thereon (the “**2016 Financial Statements**”);
2. to elect directors of the Corporation;
3. to reappoint Collins Barrow LLP, as the auditors of the Corporation;
4. to approve an amendment to the Corporation’s 10% rolling stock option plan (the “**Option Plan**”);
5. to ratify the Option Plan, with or without amendment, as the Corporation’s stock option plan for the ensuing year;
6. to pass a special resolution authorizing and approving a consolidation of the Corporation’s common shares on the basis of up to ten (10) pre-consolidation common shares for each one (1) post-consolidation common share;

8. to transact such other business as properly may be brought before the Meeting or any adjournment thereof.

Particulars of the foregoing matters are set forth in the accompanying management information circular dated January 27, 2017 (the “**Circular**”). All matters must be passed by a simple majority of the votes cast by shareholders who voted in respect of that resolution, except a “special resolution” which must be passed by a majority of not less than two-thirds ($66\frac{2}{3}\%$) of the votes cast by Shareholders who voted in respect of that resolution. Any adjournment(s) of the Meeting will be held at a time and place to be specified at the Meeting. Only Shareholders of record at the close of business on January 27, 2017 are entitled to receive notice of and vote at the Meeting and any adjournment(s) or postponement(s) thereof.

The Canadian securities regulators have adopted rules which permit the use of notice-and-access for proxy solicitation instead of the traditional physical delivery of material. This new process provides the option to post meeting related materials including management information circulars, as well as annual financial statements and management’s discussion and analysis on a website in addition to SEDAR. Under notice-and-access, meeting related materials will be available for viewing for up to 1 year from the date of posting and a paper copy of the material can be requested at any time during this period.

The Corporation has elected to use the Notice and Access Provisions for the Meeting. Meeting materials, including the Circular, the 2016 Financial Statements and related management’s discussion and analysis, are available electronically under the Corporations SEDAR profile at www.sedar.com and also on the Corporation's website at www.pelemountain.com. The Corporation will not use procedures known as “stratification” in relation to the use of Notice and Access Provisions.

Shareholders will still receive a notice with respect to the Meeting and financial statement request form, and a form of proxy, and may choose to receive a hard copy of the Circular and other proxy-related materials. If you wish to receive a paper copy of the Meeting materials or have questions about notice-and-access please contact the Corporation at 2200 Yonge Street, Suite 905, Toronto, Ontario M4S 2C6, Telephone: 416-368-7224 or Email: info@pelemountain.com, or contact the Corporation's registrar and transfer agent, TSX Trust Company, Telephone: 1-866-600-5869. In order to receive a paper copy in time to vote before the meeting, your request should be received by February 28, 2017.

Shareholders are directed to review the Circular before voting.

If you are a registered Shareholder of the Corporation and are unable to attend the Meeting in person, please date and execute the accompanying form of proxy and return it in the envelope provided to TSX Trust Company, the registrar and transfer agent of the Corporation, at 200 University Avenue, Suite 300, Toronto, Ontario M5H 4H1 at least 48 hours (excluding Saturdays, Sundays and holidays) prior to the time set for the Meeting.

If you are not a registered Shareholder of the Corporation and receive these materials through your broker or through another intermediary, please complete and return the form of proxy or voting instruction form, as applicable, in accordance with the instructions provided to you by your broker or by the other intermediary. Failure to do so may result in your shares not being eligible to be voted by proxy at the Meeting.

DATED at Toronto, Ontario as of the 27th day of January, 2017.

**BY ORDER OF THE BOARD OF DIRECTORS OF
PELE MOUNTAIN RESOURCES INC.**

ALAN L. SHEFSKY
President and Chief Executive Officer

MANAGEMENT INFORMATION CIRCULAR
FOR AN ANNUAL AND SPECIAL MEETING OF SHAREHOLDERS OF
PELE MOUNTAIN RESOURCES INC.
(the "**Corporation**")

SOLICITATION OF PROXIES

This management information circular (the "**Circular**") is furnished in connection with the solicitation of proxies by the management of the Corporation for use at an annual and special meeting (the "**Meeting**") of shareholders of the Corporation to be held on **March 9, 2017** at the time and place and for the purposes set forth in an attached notice of the Meeting (the "**Notice**").

It is expected that the solicitation of proxies will be primarily by mail, subject to the use of the notice and access provisions (the "**Notice and Access Provisions**") in relation to the delivery of the meeting materials (as defined below), however, proxies may also be solicited personally or by the Corporation's investor relations group by telephone and by officers and directors of the Corporation (but not for additional compensation). The costs of solicitation will be borne by the Corporation. In accordance with National Instrument 54-101 – *Communication with Beneficial Owners of Securities of a Reporting Issuer*, arrangements have been made with brokerage houses and other intermediaries to forward solicitation materials to the beneficial owners of common shares of the Corporation held of record by such persons and the Corporation may reimburse such persons for reasonable fees and disbursements incurred by them in doing so.

Unless otherwise specified, information contained in this Circular is given as of January 27, 2017 (the "**Record Date**") and, unless otherwise specified, all amounts shown represent Canadian dollars. All references to shareholders in this Notice, Circular and the accompanying proxy are to shareholders of record unless specifically stated otherwise.

VOTING IN PERSON AT THE MEETING

A registered shareholder, whose name has been provided to the Corporation's registrar and transfer agent, TSX Trust Company, will appear on a list of shareholders prepared by the registrar and transfer agent for purposes of the Meeting. To vote in person at the Meeting each registered shareholder will be required to register for the Meeting by identifying themselves at the registration desk. Non-registered beneficial shareholders must appoint themselves as a proxyholder to vote in person at the Meeting. Also see "*Advice to Beneficial Shareholders*" below.

APPOINTMENT, REVOCATION AND DEPOSIT OF PROXIES

If a registered shareholder cannot attend the Meeting but wishes to vote on the resolutions, the registered shareholder should sign, date and deliver the enclosed form of proxy to the Corporation's registrar and transfer agent, TSX Trust Company, 200 University Avenue, Suite 300, Toronto, Ontario M5H 4H1 so it is received at least 48 hours (excluding Saturdays, Sundays and holidays) before the time of the Meeting or any adjournment thereof. The persons named in the enclosed instrument of proxy are officers and directors of the Corporation who have been selected by the directors of the Corporation and have indicated their willingness to represent as proxies the shareholders who appoint them. **A shareholder giving a proxy can strike out the names of the nominees printed in the accompanying form of proxy and insert the name of another nominee in the space provided, or the shareholder may complete another form of proxy. A proxy nominee need not be a shareholder of the Corporation.** A shareholder giving a proxy has the right to attend the Meeting, or appoint someone else to attend as his or her proxy at the Meeting and the proxy submitted earlier can be revoked in the manner described below.

A shareholder forwarding the enclosed proxy may indicate the manner in which the appointee is to vote with respect to any specific item by checking the appropriate space. If the shareholder giving the proxy wishes to confer a discretionary authority with respect to any item of business, then the space opposite the item is to be left blank. The shares represented by the proxy submitted by a shareholder will be voted in accordance with the directions, if any, given in the proxy.

A shareholder who has given a proxy may revoke it at any time in so far as it has not been exercised. A proxy may be revoked, as to any matter on which a vote shall not already have been cast pursuant to the authority conferred by such proxy, by instrument in writing executed by the shareholder or by his attorney authorized in writing or, if the shareholder is a body corporate, by a duly authorized officer, attorney or representative thereof and deposited at the registered office of the Corporation at any time prior to 4:00 p.m. (Toronto time) on the last business day preceding the day of the Meeting, or any adjournment thereof, or with the Chairman of the Meeting on the day of the Meeting or any adjournment thereof, and upon either of such deposits the proxy is revoked. A proxy may also be revoked in any other manner permitted by law. The Corporation's registered and head office is located at Suite 905, 2200 Yonge Street, Toronto, Ontario M4S 2C6.

ADVICE TO BENEFICIAL SHAREHOLDERS

In many cases, common shares beneficially owned by a holder (a "**Non-Registered Holder**") are registered either:

- (a) in the name of an intermediary that the Non-Registered Holder deals with in respect of the common shares. Intermediaries include banks, trust companies, securities dealers or brokers, and trustees or administrators of self-administered RRSPs, RRIFs, RESPs and similar plans; or
- (b) in the name of a depository (such as The Canadian Depository for Securities Limited or "**CDS**"). Non-Registered Holders do not appear on the list of shareholders of the Corporation maintained by the transfer agent.

In accordance with Canadian securities law, the Corporation has distributed copies of the Notice, Circular and the form of proxy (collectively, the "**meeting materials**") to CDS and intermediaries for distribution to Non-Registered Holders.

Intermediaries are required to forward meeting materials to Non-Registered Holders unless a Non-Registered Holder has waived the right to receive them. Typically, intermediaries will use a service company to forward the meeting materials to Non-Registered Holders. Non-Registered Holders will receive either a voting instruction form or, less frequently, a form of proxy. The purpose of these forms is to permit Non-Registered Holders to direct the voting of the common shares they beneficially own. Non-Registered Holders should follow the procedures set out below, depending on which type of form they receive.

Voting Instruction Form. In most cases, a Non-Registered Holder will receive, as part of the meeting materials, a voting instruction form. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the holder's behalf), the voting instruction form must be completed, signed and returned in accordance with the directions on the form. If a Non-Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the Holder's behalf), the Non-Registered Holder must complete, sign and return the voting instruction form in accordance with the directions provided and a form of proxy giving the right to attend and vote will be forwarded to the Non-Registered Holder.

Form of Proxy. Less frequently, a Non-Registered Holder will receive, as part of the meeting materials, a form of proxy that has already been signed by the intermediary (typically by a facsimile, stamped signature) which is restricted as to the number of shares beneficially owned by the Non-Registered Holder but which is otherwise uncompleted. If the Non-Registered Holder does not wish to attend and vote at the Meeting in person (or have another person attend and vote on the holder's behalf), the Non-Registered Holder must complete the form of proxy and deposit it with the Corporation's registrar and transfer agent, TSX Trust Company, 200 University Avenue, Suite 300, Toronto, Ontario M5H 4H1, as described above. If a Non-Registered Holder wishes to attend and vote at the Meeting in person (or have another person attend and vote on the holder's behalf), the Non-Registered Holder must strike out the names of the persons named in the proxy and insert the Non-Registered Holder's (or such other person's) name in the blank space provided.

Non-Objecting Beneficial Owners

These meeting materials are being sent to both registered and non-registered owners of the Corporation's common shares. If you are a non-registered owner, and the Corporation or its agent has sent these meeting materials directly to you, your name and address and information about your holdings of common shares have been obtained in accordance with applicable securities regulatory requirements from the intermediary holding on your behalf. By choosing to send these meeting materials to you directly, the Corporation (and not the intermediary holding on your behalf) has assumed responsibility for (i) delivering these meeting materials to you, and (ii) executing your proper voting instructions. Please return your voting instructions as specified in the request for voting instructions or form of proxy delivered to you.

NOTICE AND ACCESS

"Notice and Access Provisions" means provisions concerning the delivery of proxy-related materials to shareholders found in section 9.1.1 of National Instrument 51-102 - Continuous Disclosure Obligations ("**NI 51-102**"), in the case of registered shareholders, and section 2.7.1 of National Instrument 54-101 - Communication with Beneficial Owners of Securities of a Reporting Issuer ("**NI 54-101**"), in the case of Non-Registered Holders, which would allow an issuer to deliver an information circular forming part of proxy-related materials to shareholders via certain specified electronic means provided that the conditions of NI 51-102 and NI 54-101 are met.

The Notice and Access Provisions are a mechanism which allows reporting issuers other than investment funds to choose to deliver proxy-related materials to registered holders and beneficial owners of securities by posting such materials on a non-SEDAR website (usually the reporting issuer's website and sometimes the transfer agent's website) rather than delivering such materials by mail. The Notice and Access Provisions can be used to deliver materials for both special and general meetings. Reporting issuers may still choose to continue to deliver such materials by mail, and beneficial owners will be entitled to request delivery of a paper copy of the information circular at the reporting issuer's expense.

The use of the Notice and Access Provisions reduces paper waste and mailing costs to the Corporation. In order for the Corporation to utilize the Notice and Access Provisions to deliver proxy-related materials by posting the meeting materials electronically on a website that is not SEDAR, the Corporation must send a notice to shareholders, including Non-Registered Holders, indicating that the proxy-related materials have been posted and explaining how a shareholder can access them or obtain from the Corporation, a paper copy of those materials. The meeting materials have been posted in full on the Corporation's website at www.pelemountain.com and under the Corporation's SEDAR profile at www.sedar.com.

In order to use Notice and Access Provisions, a reporting issuer must set the record date for notice of the meeting to be on a date that is at least 40 days prior to the meeting in order to ensure there is sufficient time for the meeting materials to be posted on the applicable website and other materials to be delivered to shareholders. The requirements of that notice, which requires the Corporation to provide basic information about the Meeting and the matters to be voted on, explain how a shareholder can obtain a paper copy of the meeting materials, financial statements of the Corporation for the year ended September 30, 2016, and the auditor's report thereon, and related management's discussion and analysis ("**MD&A**"), and explain the Notice and Access Provisions process, have been built into the Notice. The Notice has been delivered to shareholders by the Corporation, along with the applicable voting document (a form of proxy in the case of registered shareholders or a voting instruction form in the case of Non-Registered Holders).

The Corporation will not rely upon the use of 'stratification'. Stratification occurs when a reporting issuer using the Notice and Access Provisions provides a paper copy of this Circular to some shareholders with the notice package. In relation to the Meeting, all shareholders will receive the required documentation under the Notice and Access Provisions, which will not include a paper copy of this Circular.

The Corporation will send proxy-related materials directly to non-objecting non-registered shareholders. The Corporation does not intend to pay for the intermediary to deliver to objecting Non-Registered Holders the proxy-related materials and Form 54-101F7 - Request for Voting Instructions Made by Intermediary of NI 54-101. Any shareholder who wishes to receive a paper copy of this Circular must make contact with the Corporation at 2200 Yonge Street, Suite 905, Toronto, Ontario M4S 2C6, Telephone: 416-368-7224 or Email: info@pelemountain.com or the Corporation's transfer agent, TSX Trust Company at 1-866-600-5869. In order to ensure that a paper copy of the meeting materials can be delivered to a requesting shareholder in time for such shareholder to review the meeting materials and return a proxy or voting instruction form prior to the deadline to receive proxies, it is strongly suggested that a shareholder ensure their request is received no later than February 28, 2017.

All shareholders may call the Corporation at 416-368-7224 or its transfer agent at 1-866-600-5869 in order to obtain additional information regarding the Notice and Access Provisions or to obtain a paper copy of the meeting materials, up to and including the date of the Meeting, including any adjournment of the Meeting.

MANNER OF VOTING AND EXERCISE OF DISCRETION BY PROXIES

The persons named in the enclosed proxy will vote or withhold from voting the common shares in respect of which they are appointed in accordance with the direction of the shareholders appointing them. **In the absence of such direction, such common shares will be voted FOR each of the matters identified in the Notice and described in this Circular.**

The enclosed proxy confers discretionary authority upon the persons named therein with respect to amendments or variations to matters identified in the Notice and with respect to other matters which may properly come before the Meeting. As of the date of this Circular, management of the Corporation knows of no such amendments, variations or other matters to come before the Meeting other than the matters referred to in the Notice.

VOTING SECURITIES AND PRINCIPAL HOLDERS THEREOF

The authorized capital of the Corporation consists of an unlimited number of common shares of which, as of the date of this Circular, an aggregate of 209,996,930 common shares of the Corporation are issued and outstanding. Each common share entitles the holder thereof to one vote at all meetings of shareholders of the Corporation.

All holders of record of common shares of the Corporation at the close of business on the Record Date will be entitled either to attend and vote at the Meeting in person the shares held by them or, provided a completed and executed proxy shall have been delivered to the Corporation as described above, to attend and vote thereat by proxy the shares held by them. However, if a holder of common shares of the Corporation has transferred any shares after the Record Date and the transferee of such shares establishes ownership thereof and makes a written demand, not later than ten days before the Meeting, to be included in the list of shareholders entitled to vote at the Meeting, the transferee will be entitled to vote such shares.

As of the date of this Circular, to the knowledge of the directors and senior officers of the Corporation through publicly available information on the System for Electronic Disclosure by Insiders (SEDI), no persons or companies beneficially own, directly or indirectly, or exercise control or direction over more than ten percent (10%) of the issued and outstanding voting shares of the Corporation.

STATEMENT OF EXECUTIVE COMPENSATION

Compensation Discussion and Analysis

The Corporation's Statement of Executive Compensation, in accordance with the requirements of Form 51-102F6V – *Statement of Executive Compensation - Venture Issuers*, is set forth below, which contains information about the compensation paid to, or earned by, the Corporation's Chief Executive Officer ("CEO") and Chief Financial Officer and each of the other three most highly compensated executive officers of the Corporation earning more than CDN\$150,000 in total compensation as at September 30, 2016 (the "Named Executive Officers" or "NEOs") during the Corporation's last two most recently completed financial years. Based on the foregoing, Alan L. Shefsky, President, CEO, and a director of the Corporation, and Paul Andersen, Chief Financial Officer of the Corporation, are the Corporation's only Named Executive Officers during the fiscal year-ended September 30, 2016.

Objectives of the Compensation Program

The objectives of the Corporation's compensation program are to attract, hold and inspire performance of members of senior management of a quality and nature that will enhance the long term value of the Corporation's assets and the growth of the Corporation and to ensure that executive compensation is fair and reasonable, rewards management performance and is, by being competitive, sufficient to attract and retain experienced and talented executives. Due to the nature of the mining industry, executive talent has significant mobility and, as a result, competition for experienced executives can be great. The Corporation's compensation policies are designed to recognize this. The foregoing objective also recognizes the fundamental value added by a motivated and committed management team in accomplishing the Corporation's current principal corporate objectives, being the successful development of its Eco Ridge Project, and also the development of rare earth processing facilities and energy projects in Elliot Lake.

The compensation provided by the Corporation to its executive officers, including the CEO, is primarily composed of base salary, long term incentive compensation in the form of stock options and in certain circumstances, bonus compensation is also a potential component of management compensation in order to permit the recognition of outstanding individual efforts, performance, achievements and/or accomplishments by members of the Corporation's management team. Any specific bonus amounts are awarded on the recommendation of the Corporation's compensation committee (the "**Compensation Committee**") and ultimately at the discretion of the board of directors of the Corporation (the "**Board**"), with bonus amounts for members of the Corporation's management team other than the CEO being based primarily on the recommendations of the CEO.

Overview of the Compensation Philosophy

The following principles guide the Corporation's overall compensation philosophy:

- (a) compensation is determined on an individual basis by the need to attract and retain talented, high-achievers;
- (b) calculating total compensation is set with reference to the market for similar jobs in similar locations;
- (c) an appropriate portion of total compensation is variable and linked to achievements, both individual and corporate;
- (d) internal equity is maintained such that individuals in similar jobs and locations are treated fairly; and
- (e) the Corporation supports reasonable expenses in order that employees continuously maintain and enhance their skills.

The Board is given discretion to determine and adjust, year to year, the relative weighting of each form of compensation discussed above in a manner which best measures the success of the Corporation and its executive officers.

The Compensation Review Process

Role of the Compensation Committee

To determine compensation payable, the Compensation Committee considers, among other things, the provisions of any relevant employment or consulting contracts, anecdotal evidence of compensation paid for directors and executive officers of companies of similar business, size and stage of development and determines an appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and executive officers while taking into account the financial and other resources of the Corporation, as well as the contractual obligations of the Corporation. During the Corporation's most recently completed financial year-end, the Compensation Committee was comprised of John Wilkinson (Chairman), Peter Dimmell and Richard Cooper.

Although the Compensation Committee may take into account executive compensation paid by companies comparable with the Corporation, no specific benchmarking policy is in place for determining compensation or any element of compensation.

In performing its duties, the Compensation Committee has the authority to engage such advisors, including executive compensation consultants, as it considers necessary. The Corporation does not currently have any contractual arrangement with any executive compensation consultant who has a role in determining or recommending the amount or form of senior officer or director compensation.

The Compensation Committee reviews on an annual basis the cash compensation, performance and overall compensation package for each member of management. It then submits to the Board recommendations with respect to the basic salary, bonus and participation in share compensation arrangements for each member of management. After discussing and considering various factors with both management and peers in the industry, and receiving recommendations from the President of the Corporation for salaries, incentive option grants and bonuses for members of management (other than the President), the Compensation Committee makes its recommendations to the Board for approval. In conducting its review of management's recommendations, the Compensation Committee was satisfied that all recommendations complied with the Compensation Committee's philosophy and guidelines set forth above.

Role of the Executive Officers

Management provides an annual summary to the Compensation Committee and Board of Directors providing recommendations in respect of compensation for employees, consultants and executive officers (other than the President) and the Board. This summary includes information relating to the existing compensation packages, stock price and market capitalization, funds raised, status of the financial and other resources of the Corporation, individual and corporate performance and successes and milestones achieved of the individual and the Corporation. The Compensation Committee will then conduct its review and make its recommendations to the Board for approval.

Elements of Executive Compensation

The Corporation's executive compensation program is based on the objectives of: (a) recruiting and retaining the executives critical to the success of the Corporation; (b) providing fair and competitive compensation; (c) balancing the interests of management and shareholders of the Corporation; and (d) rewarding performance, on the basis of both individual and corporate performance.

For the financial year ended September 30, 2016, the Corporation's executive compensation program consisted of the following elements:

- (a) a base salary, incentive cash bonuses and other compensation (together, a "**Short-Term Incentive**"); and
- (b) a long-term equity compensation consisting of stock options granted under the Corporation's stock incentive plan (each, a "**Long-Term Incentive**").

The specific rationale and design of each of these elements are outlined in detail below.

Element of Compensation	Summary and Purpose of Element
<u>Short-Term Incentive Plan</u>	
Base Salary	Salaries form an essential element of the Corporation's compensation mix as they are the first base measure to compare and remain competitive relative to peer groups. Base salaries are fixed under contract and therefore not subject to uncertainty and are used as the base to determine other elements of compensation and benefits. The Compensation Committee and the Board review NEO salaries at least annually. Typically, the Board, upon recommendation of the Compensation Committee, make annual salary adjustments in January of each year for the Corporation's 12 month fiscal period from October 1 st to September 30 th .
Annual Performance-Based Cash Incentives	Any bonus paid to the executive officers is entirely within the discretion of the Board, following consideration by the Compensation Committee. In making bonus determinations, the Board reviews corporate and individual performance. Annual performance-based cash bonuses are a variable component of compensation designed to reward the Corporation's executive officers for maximizing annual operating performance.
<u>Long-Term Incentive Plan</u>	
Stock Options	The granting of stock options is a variable component of compensation intended to reward the Corporation's executive officers for success in enhancing the long-term value of the Corporation's assets and increases in stock value.

Base Salary

In determining the base salary of an executive officer, the Board's practice in recent years has been to consider the recommendations made by the Compensation Committee and management and the previous year's remuneration paid to executives. The Board considers anecdotal evidence of compensation paid for directors and executive officers of companies of similar business, size and stage of development to assist with determining appropriate compensation reflecting the need to provide incentive and compensation for the time and effort expended by the directors and executive officers while taking into account the financial and other resources of the Corporation. In determining the base salary to be paid to a particular executive officer, the Board also considers the particular responsibilities related to the position, the experience level of the executive officer, and his or her past performance at the Corporation, together with

other various criteria considered by the Compensation Committee in making its recommendation to the Board.

Annual Performance-Based Cash Incentives

Executive officers are eligible for annual cash bonuses, after taking into account and giving varying degrees of weight, depending on the relevance of these factors to the particular executive officer, to the following indicators of the performance of the Corporation and individual:

- (a) overall compensation package, including base salary and options, provided for under existing employment or consulting contracts;
- (b) successes and milestones of the Corporation and individual;
- (c) relative and Corporation specific stock performance and market capitalization;
- (d) performance against budget;
- (e) expense control;
- (f) performance factors; and
- (g) other exceptional or unexpected factors (e.g. commodity prices and other market conditions).

In taking into account the financial performance aspect, it is recognized that executive officers cannot control certain factors, such as overall market conditions and commodity prices. When applying the financial performance criteria, the Board considers factors over which the executive officers can exercise control, such as meeting budget targets established by the Board at the beginning of each year, controlling costs, taking successful advantage of business opportunities and enhancing the long term value of the Corporation's projects and competitive and business prospects of the Corporation.

Bonuses

Due to, among other things, the depressed state of the capital markets, the Corporation has not been able to raise sufficient working capital to meet all of its current obligations, and as a result, certain executive officers have agreed to temporarily defer payment by the Corporation of cash compensation while continuing to provide the services and fulfill their duties and obligations. In order to retain and motivate such executive officers notwithstanding such deferral, such executive officers are eligible to receive from the Corporation a retention bonus. In determining the amount and structure of a retention bonus, the Board considers the Corporation's financial capacity, and the incentives needed to retain and motivate executive officers who are key to the Corporation's success.

During the financial year ended September 30, 2016, the Corporation awarded a retention bonus to Alan L. Shefsky. See "*Director and Named Executive Officer Compensation*" and "*Employment, Consulting and Management Agreements - Alan Shefsky, President and CEO*".

Other Compensation – Perquisites

The following perquisites were provided to the Named Executive Officers during the financial year ended September 30, 2016.

Alan L. Shefsky, President, Chief Executive Officer and Director received \$811 in benefits representing automobile expenses incurred by the Corporation relating to the personal use of an automobile. The

Corporation also paid \$4,540 for a term life insurance policy on the life of Mr. Shefsky in the amount of \$2,000,000 for which Mr. Shefsky's children are the sole named beneficiaries.

Stock Options

Stock options are granted to the Named Executive Officers pursuant to and in accordance with the provisions of the Corporation's stock option plan (the "**Option Plan**"), the material features of which described below under the heading "*Stock Option Plan*". As described above under the heading "*Compensation Review Process*", the Compensation Committee reviews on an annual basis the cash compensation, performance and overall compensation package for each member of management. Included in this review is the determination of whether to grant any stock options to directors and officers of the Corporation. As part of its review, the Compensation Committee will consider previous option grants and expired options and the number of options available for grant under the Corporation's Option Plan.

To determine the granting of stock options to its NEO's, the Compensation Committee reviews, among other things, the recommendation from management, as well as the other factors identified in the Compensation Committee review process, and makes a recommendation to the Board. The Board reviews each recommendation from the Compensation Committee and decides whether to accept, reject or alter such recommendation.

During the financial year ended September 30, 2016, the Board, on the recommendation of the Compensation Committee after considering market trends and the number of stock options currently held by each executive officer and the number of options available for issuance under the Corporation's Option Plan, granted an aggregate total of 4,576,000 options to Named Executive Officers of the Corporation. See "*Stock Options and Other Compensation Securities*" below.

Stock Option Plan

The Option Plan is the Corporation's only securities-based compensation plan.

The material features of the Option Plan are summarized below. Such summary is expressly qualified in its entirety by reference to the full text Option Plan, a copy of which will be supplied free of charge to shareholders upon written request made directly to the Corporation at its registered head office located at Suite 905, 2200 Yonge Street, Toronto, Ontario, M4S 2C6, Attention: President.

- Options may be granted under the Stock Option Plan only to directors, officers, employees and consultants of the Corporation and its subsidiaries (the "**Eligible Participants**").
- The Option Plan is a "rolling" plan, as the number of common shares that may be reserved for issuance pursuant to a grant of stock options is equal to 10% of the outstanding common shares as at the applicable grant date, as permitted by the policies of the TSX Venture Exchange ("**TSX-V**").
- The number of common shares reserved for issuance to any one person may not exceed five percent (5%) of the outstanding common shares of the Corporation. The Board, based upon recommendations of the Compensation Committee, determines the price per common share and the number of common shares that may be allotted to each director, officer, employee and consultant and all other terms and conditions of the options, subject to the rules of the TSX-V. The exercise price per common share set by the Board is subject to minimum pricing restrictions set by the TSX-V.

- Options may be exercisable for up to ten (10) years from the date of grant, but the Board has the discretion to grant options that are exercisable for a shorter period.
- Options granted under the Option Plan do not require vesting provisions, although the Board may attach a vesting schedule to individual grants as it deems appropriate.
- Options under the Option Plan are non-assignable.
- If prior to the exercise of an option, the holder ceases to be a director, officer, employee or consultant, the option shall be limited to the number of common shares purchasable by him immediately prior to the time of his cessation of office or employment and he shall have no right to purchase any other common shares. Options must be exercised within ninety (90) days of termination of employment or cessation of position with the Corporation, provided that if the cessation of office, directorship, consulting arrangement or employment was by reason of death or disability, the option must be exercised within one year of termination or cessation, subject to earlier expiry pursuant to the specified expiry date.
- If any option expires or otherwise terminates after having been granted without having been exercised in full, the number of shares in respect of such expired or terminated option, as the case may be, will again be available for reservation pursuant to a subsequent grant of options under the Option Plan.

Overview of How the Compensation Program Fits with Compensation Goals

1. Attract, Hold and Inspire Key Talent

The compensation package meets the goal of attracting, holding and motivating key talent in a highly competitive mineral exploration environment by providing a competitive cash compensation program, consisting of base salary and bonus opportunity, and an opportunity to participate in the Corporation's growth through stock options.

2. Alignment of Interest of Management with Interest of the Corporation's shareholders

The compensation package meets the goal of aligning the interest of management with the interest of the Corporation's shareholders through the following elements:

- (a) Through the grant of stock options, if the price of the Corporation shares increases over time, both executives and shareholders will benefit.
- (b) By occasionally providing a vesting period on stock awards, management has an interest in increasing the price of the Corporation's shares over time, rather than focusing on short-term increases.

Compensation Risk

The Corporation has not adopted a formal policy on compensation risk management nor has it engaged an independent compensation consultant. The Corporation recognizes that there may be risks in its current processes but given the size and number of executives dedicated on a full-time basis, the Corporation does not believe the risks to be significant.

The Corporation has a Compensation Committee, consisting of three independent members of the Board, to assist the Board in discharging its duties relating to compensation of the Corporation's directors and senior officers. The Board believes that the executive compensation program of the Corporation should not raise its overall risk profile. Accordingly, the Corporation's executive compensation programs include safeguards designed to mitigate compensation risks. The following measures impose appropriate limits to avoid excessive or inappropriate risk taking or payments:

- discretionary bonus payments are recommended to the Board by the Compensation Committee based on annual performance reviews;
- the Compensation Committee consists of a minimum of three members, all being independent;
- stock option vesting discourages excessive risk taking to achieve short-term goals; and
- implementation of trading black-outs limit the ability of directors and senior officers to trade in securities of the Corporation.

Inappropriate and excessive risks by executives are also mitigated by regular meetings of the Board, at which, activity by the executives must be approved by the Board if such activity is outside previously Board-approved actions and/or as set out in a Board-approved budget. Due to the fact that the Corporation is still an exploration and development stage company, and given the current composition of the Corporation's executive management team, the Board and the Compensation Committee are able to closely monitor and consider any risks which may be associated with the Corporation's compensation practices. Risks, if any, may be identified and mitigated through regular Board meetings during which financial and other information of the Corporation are reviewed, including executive compensation.

The Corporation does not have a policy that would prohibit a Named Executive Officer or director from purchasing financial instruments, including prepaid variable forward contracts, equity swaps, collars or units of exchange funds, that are designed to hedge or offset a decrease in market value of equity securities granted as compensation or held, directly or indirectly, by the Named Executive Officer or director. However, management is not aware of any Named Executive Officer or director purchasing such an instrument.

Director and Named Executive Officer Compensation

The following table (presented in accordance with National Instrument Form 51-102F6V – *Statement of Executive Compensation – Venture Issuers*) sets forth all annual and long term compensation for services paid to or earned by each NEO and director for the two most recently completed financial years ended September 30, 2016 and 2015.

Employment, Consulting and Management Agreements

Alan Shefsky, President and CEO

The Corporation and its President and Chief Executive Officer, Alan L. Shefsky entered into an executive employment contract effective January 1, 2003, as amended on October 1, 2007, May 31, 2012, March 5, 2015, and March 10, 2016 (collectively, the “**Shefsky Employment Agreement**”). The term of the Shefsky Employment Agreement runs until September 30, 2019, with an annual base salary of \$265,000 in year-one. The base annual salary of each ensuing year shall be increased effective October 1st of such

year by the annual increase during the prior calendar year in the Consumers Price Index for the City of Toronto as reported by Statistics Canada, provided that the annual base salary in each year after the first year shall be no less than the annual base salary provided for in the first year.

Due to, among other things, the depressed state of the capital markets for junior resource companies which has prevailed for a number of years, the Corporation has not been able to raise sufficient working capital to meet all of its current obligations. Accordingly, the Corporation and Mr. Shefsky have entered into agreements amending the Shefsky Employment Agreement dated March 5, 2015 (the “**2015 Amendment Agreement**”) and March 10, 2016 (the “**2016 Amendment Agreement**”). The 2015 Amendment Agreement and 2016 Amendment Agreement respectively provide for the continued performance during the previous years by Mr. Shefsky of his duties and obligations under the Shefsky Employment Agreement, and deferral of the Corporation’s obligation to pay Mr. Shefsky’s base salary and other cash compensation thereunder in the previous years until the Corporation raises sufficient cash to fund same, in exchange for certain retention bonuses.

Pursuant to the 2015 Amendment Agreement, the Corporation awarded and paid to Mr. Shefsky a \$150,000 retention bonus, which was earned and became payable on the date of the 2015 Amendment Agreement, and granted to Mr. Shefsky the right to earn further bonuses (each a “**Special Bonus**”) of (a) \$275,000 on the date upon which the common shares of the Corporation first trade at or above a trading price (the “**Trading Price**”) of 10 cents per common share and a further bonus equal to \$137,500 on the date(s) upon which the common shares of the Corporation first trade at or above each of the following Trading Prices: (i) 15 cents per common share; (ii) 20 cents per common share; (iii) 25 cents per common share; (iv) 30 cents per common share; (v) 35 cents per common share; (vi) 40 cents per common share; (vii) 45 cents per common share; (viii) 50 cents per common share; (ix) 55 cents per common share; and (x) 60 cents per common share. For greater certainty, each Special Bonus can only be achieved once. “**Trading Price**” means the 30 calendar day volume weighted average trading price per share of the Corporation’s common shares as reported by the TSX-V. The Special Bonuses shall be earned and payable upon achievement of the Trading Prices set forth above, but shall only be paid by the Corporation once there is sufficient working capital available, as more particularly described in the Shefsky Employment Agreement, as amended.

Pursuant to the 2016 Amendment Agreement, the Corporation awarded to Mr. Shefsky a \$250,000 retention bonus, \$125,000 of which was earned by and payable to Mr. Shefsky as of the effective date of the 2016 Amendment Agreement, and the remaining \$125,000 of which was earned by and payable to Mr. Shefsky on December 31, 2016. Pursuant to the Corporation’s accounting policies, \$212,500 of such retention bonus is deemed to be earned during the financial year ended September 30, 2016, of which \$62,108 was paid, and \$150,392 remained unpaid as at the end of such financial year. The balance of \$37,500 of such retention bonus is deemed to be earned in the subsequent financial year.

As at September 30, 2016, total unpaid compensation owing to Mr. Shefsky was \$681,175, including \$530,783 in deferred base salary and other compensation, and \$150,392 in earned but unpaid retention bonuses.

The Corporation may terminate the Shefsky Employment Agreement without cause at-will with written notice to Mr. Shefsky. If Mr. Shefsky elects to terminate the agreement or is terminated with cause, then Mr. Shefsky agrees that he shall not be entitled to any severance compensation or any other compensation or payment other than accrued amounts due and owing up to the effective date of termination, including any earned but unpaid Special Bonuses as at the date of termination.

If so terminated without cause then the Corporation will pay to Mr. Shefsky severance compensation equal to twenty-four (24) months of his base salary within sixty (60) days of termination, plus any earned

but unpaid Special Bonuses, together with any additional Special Bonus that, but for such termination, would have been earned by Mr. Shefsky during the one (1) year period following the date of such termination. If the agreement is so terminated due to the death or incapacity of Mr. Shefsky then the Corporation shall pay Mr. Shefsky or his estate all amounts due and owing up to the effective date of termination, including any earned but unpaid Special Bonuses as at the date of termination.

If there is a change of control and Mr. Shefsky voluntarily resigns within 1 (one) year of such change of control, then the Corporation will be responsible for all accrued amounts due and owing to Mr. Shefsky up to the effective date of resignation and severance compensation equal to twelve (12) months of his base salary. In the event of a change of control and if the Corporation, within two (2) years of the effective date of such change of control, terminates Mr. Shefsky without cause then the Corporation will be responsible for all accrued amounts due and owing to Mr. Shefsky up to the effective date of termination and severance compensation equal to twenty-four (24) months of his base salary. The Executive shall also receive any earned Special Bonus that remains unpaid as at the date of such termination.

The Shefsky Employment Agreement has a non-competition provision whereby Mr. Shefsky agrees not to compete with the Corporation for a period of twelve (12) months after termination of his employment (reduced in some cases to three (3) months) within a 20-km radius of any mineral claim or right in which the Corporation has an interest.

Paul Andersen, Chief Financial Officer

The Corporation and its Chief Financial Officer, Paul Andersen (the "**CFO**"), entered into an executive employment contract (the "**CFO Employment Agreement**") effective December 7, 2011 (the "**Effective Date**") to serve the Corporation, on a part-time basis, in the capacity of Chief Financial Officer and Vice President, Finance.

The initial term of the CFO Employment Agreement shall be effective as of the Effective Date and shall continue in effect until December 31, 2012 (the "**Initial Term**") unless terminated or extended earlier pursuant to and in accordance with the terms of the agreement. At the end of the Initial Term (and each subsequent twelve (12) month extension period thereafter, if applicable), the CFO Employment Agreement shall automatically be renewed for an additional consecutive twelve (12) month period unless either party advises the other, in writing, at least sixty (60) days before the end of the current period, that it does not wish to renew the agreement.

The Corporation shall pay the CFO as remuneration for services provided for therein an annual gross salary in the amount of \$30,000 per annum payable in equal monthly instalments of \$2,500 per month in arrears. The Corporation will annually review the said annual gross salary and will make any adjustments it determines are reasonable in the sole, absolute and unfettered discretion of the Board, or applicable committee of the Board.

The CFO is entitled to participate in any incentive programs of the Corporation, including, without limiting the generality of the foregoing, current or future stock option plans, in accordance with and on terms and conditions determined by the Board, or applicable committee of the Board, in their sole, absolute and unfettered discretion.

The Corporation may terminate the CFO Employment Agreement without cause at will with written notice to the CFO. If so terminated without cause then the Corporation will pay to the CFO severance compensation equal to: (i) all accrued amounts due and owing up to the effective date of the termination, including a cash equivalent of any benefits, vacation time and reimbursable expenses then accrued; (ii) three (3) months' salary, plus an additional one (1) month's salary for every full year of service to the

Corporation; and (iii) the amount of benefits reasonably calculated to otherwise be payable to the CFO for a severance period of three (3) months after the effective date of termination. If the CFO is terminated with cause, then the CFO agrees that he shall not be entitled to any severance compensation or any other compensation or payment other than accrued amounts due and owing up to the effective date of termination. If the CFO voluntarily resigns, then the Corporation will only be responsible to pay the CFO the accrued amounts due and owing to the CFO up to the effective date of resignation, unless he gives notice to resign within six (6) months of a change of control, in which case his severance compensation would be equal to: (i) all accrued amounts due and owing up to the effective date of the resignation, including a cash equivalent of any benefits, vacation time and reimbursable expenses then accrued; and (ii) three (3) months' salary, plus an additional one (1) month's salary for every full year of service to the Corporation.

STATEMENT OF CORPORATE GOVERNANCE PRACTICES

National Policy 58-201 – *Corporate Governance Guidelines* (“**NP 58-201**”) of the Canadian Securities Administrators sets out a series of guidelines for effective corporate governance (the “**Guidelines**”). The Guidelines address matters such as the constitution and independence of corporate boards, the functions to be performed by boards and their committees and the effectiveness and education of board members. National Instrument 58-101 – *Disclosure of Corporate Governance Practices* (“**NI 58-101**”) requires the disclosure by each listed corporation of its approach to corporate governance with reference to the Guidelines as it is recognized that the unique characteristics of individual corporations will result in varying degrees of compliance. Although there is no requirement for the Corporation to comply with the Guidelines, the Corporation considers the Guidelines to be an important guide for providing effective corporate governance and intends to continue its efforts to implement many of the Guidelines over the current fiscal period.

Set out below is a description of the Corporation's approach to corporate governance in relation to the Guidelines.

Corporate Governance Disclosure

The information required to be disclosed by National Policy 58-101 *Disclosure of Corporate Governance Practices* is attached to this Circular as **Schedule "A"**.

Meeting of the Board and Committees

Most matters requiring approval of the Board of the Corporation were approved by written resolutions signed by all members of the Board, with detailed information being circulated to all members of the Board beforehand. Any member of the Board may request a formal meeting of the Board in the event that such director considers the subject matter of a particular resolution requires full Board of Directors discussion. While it is standard practice for the Corporation's Board of Directors to pass written resolutions in lieu of holding formal meetings in person from time to time, the Board held fourteen (14) formal meetings in person or via conference call during fiscal 2016.

The Corporation has established a Compensation Committee, Audit Committee and Corporate Governance and Nominating Committee in compliance with the Guidelines. The Corporation has also established a Technical Committee and a Health, Safety and Environmental Compliance Committee.

The Compensation Committee

The Compensation Committee assists the Board in fulfilling its obligations relating to human resource and compensation matters of the Corporation and its subsidiaries and to establish a plan for the continuity and development of senior management. During the Corporation's most recently completed financial year-end, the members of the Compensation Committee were Messrs. Wilkinson (Chairman), Dimmell and R. Cooper, all being independent directors as defined in the Guidelines. The Compensation Committee held three (3) formal meetings during fiscal 2016.

Further information regarding the Compensation Committee's responsibilities, powers and operation of the Compensation Committee are set out above under the section entitled "*Compensation Discussion and Analysis*".

The Corporation believes that each of the Compensation Committee members possess the skills and experiences that enable the member to make decisions on the suitability of the compensation policies and practices of the Corporation as set out below.

Each director elected will hold office until the close of the first annual meeting of shareholders of the Corporation following his election unless his office is earlier vacated in accordance with the by-laws of the Corporation.

2. Appointment of Auditors

Shareholders of the Corporation will be asked at the Meeting to reappoint Collins Barrow LLP, 11 King Street West, Suite 700, Toronto, Ontario, M5H 4C7 as the Corporation's auditors to hold office until the close of the next annual meeting of shareholders of the Corporation, and to authorize the directors of the Corporation to fix the auditors' remuneration. Collins Barrow LLP (formerly DMCT LLP) were first appointed the auditors of the Corporation in April, 1996. **Unless otherwise specified, the persons named in the enclosed form of proxy will vote FOR the said reappointment of Collins Barrow LLP as the auditors of the Corporation and FOR authorizing the directors to fix the remuneration of the auditors.**

3. Amendment of Option Plan

The Corporation has adopted the Option Plan for executive officers, directors, employees and consultants (“**Eligible Participants**”) of the Corporation. The Option Plan was last approved at the annual and special meeting of shareholders of the Corporation on March 10, 2016. For a summary of the Option Plan, please see “*Executive Compensation – Stock Option Plan*”.

The Option Plan provides that if prior to the exercise of an option, the holder ceases to be an Eligible Participant, such options must be exercised within 90 days of the date upon which such person ceased to be an Eligible Participant. The Corporation proposes to amend the Option Plan to provide that the options held by a person who ceases to become an Eligible Participant must be exercised by the earlier of: (i) the expiry date of such options and (ii) such date determined by the Board, up to one year from the date such optionee ceased to be an Eligible Participant. This amendment is proposed to grant the Board additional flexibility in recognizing and rewarding the contributions of its Eligible Participants, and to align the Option Plan with amendments to TSX-V policies introduced on May 8, 2013. The full text of the Option Plan will be available for review at the Meeting and will be supplied free of charge to shareholders upon written request made directly to the Corporation at its registered head office located at Suite 905, 2200 Yonge Street, Toronto, Ontario, M4S 2C6, Attention: President.

Shareholders will be asked at the Meeting to consider and, if thought advisable, pass a resolution approving the amendment to the Option Plan, substantially in the following form:

“BE IT RESOLVED THAT:

1. Subject to applicable regulatory approvals, the amendment to the Option Plan, substantially as described in the management information circular of Pele Mountain Resources Inc. dated January 27, 2017, be and is hereby approved; and
2. Any director or officer of the Corporation is hereby authorized and directed to execute and to deliver, under corporate seal or otherwise, all such documents and instruments and to do all such acts as in the opinion of such director or officer may be necessary or desirable to give effect to these resolutions.

To be approved, the ordinary resolution must be passed by a majority of the votes of shareholders of the Corporation cast thereon at the Meeting. **Unless otherwise specified, the persons named in the enclosed form of proxy will vote FOR the resolution.**

4. Approval of Stock Option Plan

The Option Plan provides that the Board of the Corporation may from time to time, in its discretion, grant to an Eligible Participant the option to purchase common shares. The Option Plan is a “rolling” plan, as the number of common shares that may be reserved for issuance pursuant to a grant of stock options is equal to 10% of the outstanding common shares as at the applicable grant date, as permitted by the policies of the TSX-V. As of the date of this Circular, the number of common shares remaining available for reservation pursuant to an issuance of options under the Option Plan is 3,849,693 (being 20,999,693 common shares available for reservation pursuant to grants of options, less 17,150,000 common shares reserved pursuant to outstanding options granted under the Option Plan).

The policies of the TSX-V require all listed companies with a “rolling” stock option plan (such as the Option Plan), under which the maximum number of shares that may be reserved for issuance pursuant to the exercise of stock options is determined as a percentage of an issuer’s issued and outstanding shares, to obtain approval of their stock option plan at their annual meeting of shareholders.

Shareholders will be asked at the Meeting to consider and, if thought advisable, pass a resolution ratifying and confirming the Option Plan, with or without amendment, substantially in the following form:

“BE IT RESOLVED THAT:

1. The Option Plan of the Corporation as described in this Circular, as amended, be and is hereby ratified and approved for the ensuing year, pursuant to which the board of directors of the Corporation may, from time to time, authorize the issuance of options to directors, officers, employees and consultants of the Corporation and its subsidiaries to a maximum of ten percent (10%) of the issued and outstanding common shares at the time of grant; and
2. Any director or officer of the Corporation is hereby authorized and directed to execute and to deliver, under corporate seal or otherwise, all such documents and instruments and to do all such acts as in the opinion of such director or officer may be necessary or desirable to give effect to these resolutions.

To be approved, the ordinary resolution must be passed by a majority of the votes of shareholders of the Corporation cast thereon at the Meeting. **Unless otherwise specified, the persons named in the enclosed form of proxy will vote FOR the resolution.**

5. Consolidation of the Common Shares

At the Meeting, the Shareholders will be asked to consider and, if deemed advisable, pass a special resolution (the “**Share Consolidation Resolution**”) authorizing a share consolidation of the Corporation’s common shares on the basis of up to 10 pre-consolidation common shares for each one post-consolidation common share (the “**Share Consolidation**”).

Background To and Reasons for the Share Consolidation

The Board believes that it is in the best interests of the Corporation to reduce the number of outstanding common shares by way of the Share Consolidation. The potential benefits of the Share Consolidation include:

1. *Greater investor interest:* the current share structure of the Corporation will make it more difficult for the Corporation to attract the additional equity financing required to maintain the

Corporation or to allow for the acquisition of new projects of merit. A share consolidation may have the effect of raising, on a proportionate basis, the price of the common shares, which could appeal to certain investors that find shares valued above certain prices to be more attractive from an investment perspective.

2. *Raise additional capital at a higher price per share:* the higher anticipated price of the post-consolidation common shares will allow the Corporation to raise additional capital through the sale of additional common shares at a higher price per common share than would be possible in the absence of the Share Consolidation.

The Share Consolidation is subject to the approval of the TSX-V and the Shareholders. If the requisite approvals are obtained, the Share Consolidation will take place at a time to be determined by the Board, which the Board currently anticipates will be as soon as practicable following the Meeting, subject to the *Business Corporations Act* (Ontario) (the “Act”). No further action on the part of Shareholders would be required in order for the Board to implement the Share Consolidation. Shareholders will be notified and registered shareholders will receive a letter of transmittal containing instructions for exchange of their share certificates. The special resolution also authorizes the Board to elect not to proceed with, and abandon, the Share Consolidation at any time if it determines, in its sole discretion, to do so. If the Board in its discretion does not implement the Share Consolidation prior to the next annual meeting of Shareholders, the authority granted by the special resolution to implement the Share Consolidation on these terms would lapse and be of no further force or effect.

Following a vote by the Board to implement the Share Consolidation, the Corporation will file articles of amendment with the Director under the Act to amend the Corporation’s articles of incorporation. The Share Consolidation will become effective on the date shown in the certificate of amendment issued by the Director under the Act or such other date indicated in the articles of amendment provided that, in any event, such date will be prior to the next annual meeting of Shareholders.

Certain Risks Associated With the Share Consolidation

There can be no assurance that, if the Share Consolidation is implemented, the Corporation will be successful in attracting new capital financing or to allow acquisition of a new project of merit. The effect of the Share Consolidation upon the market price of the common shares cannot be predicted with any certainty, and the history of similar transactions for corporations similar to the Corporation is varied.

There can be no assurance that the total market capitalization of the common shares immediately following the Share Consolidation will be equal to or greater than the total market capitalization immediately before the Share Consolidation. In addition, there can be no assurance that the per-share market price of the common shares following the Share Consolidation will remain higher than the per-share market price immediately before the Share Consolidation or equal or exceed the direct arithmetical result of the Share Consolidation. In addition, a decline in the market price of the common shares after the Share Consolidation may result in a greater percentage decline than would occur in the absence of the Share Consolidation. Furthermore, the Share Consolidation may lead to an increase in the number of Shareholders who will hold “odd lots”; that is, a number of shares not evenly divisible into board lots (a board lot is either 100, 500 or 1,000 shares, depending on the price of the shares). As a general rule, the cost to Shareholders transferring an odd lot of common shares is somewhat higher than the cost of transferring a “board lot”. Nonetheless, despite the risks and the potential increased cost to Shareholders in transferring odd lots of post-consolidation common shares, the Board believes the Share Consolidation is in the best interest of all Shareholders.

Effect on Non-Registered Shareholders

Non-Registered Holders holding common shares through a bank, broker or other nominee should note that such banks, brokers or other nominees may have different procedures for processing the Share Consolidation than those that will be put in place by the Corporation for registered Shareholders. If you hold common shares with such a bank, broker or other nominee and have questions with respect to such matters, you are encouraged to contact your nominee.

No Fractional Shares to be Issued

No fractional common shares will be issued in connection with the Share Consolidation and, in the event that a Shareholder would otherwise be entitled to receive a fractional common share upon the Share Consolidation, such fraction will be rounded down to the nearest whole number.

Effects of the Share Consolidation on the common shares

If approved and implemented, the Share Consolidation will occur simultaneously for all of the common shares and the consolidation ratio will be the same for all of such common shares. Except for any variances attributable to fractional shares, the change in the number of issued and outstanding common shares that will result from the Share Consolidation will cause no change in the capital attributable to the common shares and will not materially affect any Shareholder's percentage ownership in the Corporation, even though such ownership will be represented by a smaller number of common shares.

The Share Consolidation will not materially affect any Shareholder's proportionate voting rights. Each common share outstanding after the Share Consolidation will be entitled to one vote and will be fully paid and non-assessable.

The principal effects of the Share Consolidation will be that the number of common shares of the Corporation issued and outstanding will be reduced from 209,996,930 pre-Share Consolidation common shares to between approximately 20,999,693 post-Share Consolidation common shares (in the case of a consolidation on a 10:1 basis) and 104,998,465 post-Share Consolidation common shares (in the case of a consolidation on a 2:1 basis), depending on the consolidation ratio ultimately implemented by the directors in their discretion. By way of example only, assuming that the directors elect to implement a Share Consolidation, in the event of a 10:1 Share Consolidation, a shareholder now holding 1,000 pre-Share Consolidation common shares of the Corporation would hold 100 post-Share Consolidation common shares, and in the event of a 2:1 Share Consolidation, that same shareholder would hold 500 post-Share Consolidation common shares.

The implementation of the Share Consolidation would not affect the total shareholders' equity of the Corporation or any components of shareholders' equity as reflected on the Corporation's financial statements except: (i) to change the number of issued and outstanding common shares; and (ii) to change the stated capital of the common shares to reflect the Share Consolidation.

The exercise or conversion price and the number of common shares issuable under any outstanding convertible securities of the Corporation, including outstanding stock options, will be adjusted in accordance with their respective terms on the same basis as the Share Consolidation.

No Dissent Rights

Under the Act, Shareholders do not have dissent and appraisal rights with respect to the proposed Share Consolidation.

Resolution

Shareholders will be asked at the Meeting to consider and, if thought advisable, pass a special resolution in respect of the Share Consolidation, substantially in the following form:

“BE IT RESOLVED, AS A SPECIAL RESOLUTION OF THE SHAREHOLDERS OF PELE MOUNTAIN RESOURCES INC., THAT:

1. the Corporation’s articles of incorporation be amended pursuant to Section 168(1)(h) of the *Business Corporations Act* (Ontario) (the “**Act**”) to effect a consolidation of all of the common shares of the Corporation (the “**common shares**”) on the basis of such consolidation ratio as the board of directors of the Corporation may resolve, subject to a maximum consolidation ratio of ten (10) pre-consolidation common shares for each one (1) post-consolidation common share, and a minimum consolidation ratio of two (2) pre-consolidation shares for each one (1) post-consolidation common share (the “**Share Consolidation**”);
2. no fractional post-consolidation common shares be issued and no cash paid in lieu of fractional post-consolidation common shares, such that any fractional interest in common shares resulting from the Share Consolidation will be rounded down to the nearest whole common share;
3. the effective date of such Share Consolidation shall be the date shown in the certificate of amendment issued by the Director appointed under the Act or such other date indicated in the articles of amendment provided that, in any event, such date shall be prior to the next annual meeting of shareholders;
4. any officer or director of the Corporation be and hereby is authorized and directed on behalf of the Corporation to execute or cause to be executed, and to deliver or cause to be delivered, all certificates, notices and other documents, including filing articles of amendment pursuant to the Act, and to do or cause to be done all such acts and things, as such officer or director may determine to be necessary, desirable, or useful for the purpose of giving effect to the foregoing resolutions, such determination to be conclusively evidenced by the execution and delivery of such documents, or the doing of any such act or thing; and
5. notwithstanding the passing of this special resolution by the shareholders of the Corporation (the “**Shareholders**”), the board of directors of the Corporation may, in its sole discretion, determine not to act upon this special resolution and not file articles of amendment giving effect to the Share Consolidation, without further approval of the Shareholders.”

Under the Act and the Corporation’s articles, the Share Consolidation Resolution must be approved by special resolution, being the affirmative vote of at least two-thirds ($66\frac{2}{3}\%$) of the votes cast with respect to the Share Consolidation Resolution by shareholders present in person or represented by proxy at the Meeting.

The Board of directors unanimously recommends a vote for the Share Consolidation Resolution. **In the absence of instructions to the contrary, the common shares represented by proxies in favour of Management nominees will be voted FOR the Share Consolidation Resolution.**

6. Name Change

The Corporation has proposed that the name of the Corporation be changed. Accordingly, Shareholders will be asked to consider, and if thought advisable, pass a special resolution to change the name of the

Corporation from “Pele Mountain Resources Inc.” to “Griffin Energy & Metals Ltd.”, or such other name as may be determined by the Board (the “**Name Change**”). The Board proposes the Name Change because the Corporation is considering initiatives beyond traditional mineral resource exploration and development projects, and in particular, in the areas of sustainable development of rare earth processing and energy projects, and it is believed that a name change to reflect this broader strategy is appropriate. Additionally, the Name Change is intended to facilitate the administration and implementation of the Share Consolidation assuming it is approved by the Shareholders.

Notwithstanding approval of the Name Change by Shareholders, the Board, in its discretion, may determine not to act upon the Name Change resolution and not file articles of amendment giving effect to the Name Change, without further approval of Shareholders.

Following a vote by the Board to implement the Name Change, the Corporation will file articles of amendment with the Director under the Act to amend the Corporation’s articles of incorporation. The Name Change will become effective on the date shown in the certificate of amendment issued by the Director under the Act or such other date indicated in the articles of amendment provided that, in any event, such date will be prior to the next annual meeting of Shareholders.

Shareholders will be asked at the Meeting to consider and, if thought advisable, pass a special resolution in respect of the Name Change, substantially in the following form:

“BE IT RESOLVED, AS A SPECIAL RESOLUTION OF THE SHAREHOLDERS OF PELE MOUNTAIN RESOURCES INC., THAT:

1. The Corporation’s articles of incorporation be amended pursuant to Section 168(1)(a) of the Business Corporations Act (Ontario) (the “**Act**”) to change the name of the Corporation to “Griffin Energy & Metals Ltd.”, or such other name as the Corporation’s board of directors determines to be appropriate and which the Director under the *Business Corporations Act* (Ontario) may accept (the “**Name Change**”);
2. the effective date of such Name Change shall be the date shown in the certificate of amendment issued by the Director appointed under the Act or such other date indicated in the articles of amendment provided that, in any event, such date shall be prior to the next annual meeting of shareholders;
3. any officer or director of the Corporation be and hereby is authorized and directed on behalf of the Corporation to execute or cause to be executed, and to deliver or cause to be delivered, all certificates, notices and other documents, including filing articles of amendment pursuant to the Act, and to do or cause to be done all such acts and things, as such officer or director may determine to be necessary, desirable, or useful for the purpose of giving effect to the foregoing resolutions, such determination to be conclusively evidenced by the execution and delivery of such documents, or the doing of any such act or thing; and
4. notwithstanding the passing of this special resolution by the shareholders of the Corporation (the “**Shareholders**”), the board of directors of the Corporation may, in its sole discretion, determine not to act upon this special resolution and not file articles of amendment giving effect to the Name Change, without further approval of the Shareholders.”

Under corporate legislation, a director is required to act honestly and in good faith with a view to the best interests of the Corporation and exercise the care, diligence and skill that a reasonably prudent person would exercise in comparable circumstances, and disclose to the board the nature and extent of any interest of the director in any material contract or material transaction, whether made or proposed, if the director is a party to the contract or transaction, is a director or officer (or an individual acting in a similar capacity) of a party to the contract or transaction or has a material interest in a party to the contract or transaction.
